July 9, 2024

Association Sisters and Brothers,

The TWU-IAM Association Negotiation Committee representing Fleet Service will begin contract negotiations with American Airlines on August 27th and 28th. As you know, The Association sent notification of Section 6 bargaining to AA on May 1, 2024, to begin talks before the amendable date.

Your Fleet Service Negotiation Committee is completely prepared to engage American Airlines at the bargaining table and are confident we will secure the industry leading contract our members so richly deserve. Thank you for your confidence and continued support.

Fraternally,

Your TWU-IAM Association Negotiation Committee
